

Who do I call? An important component of the Make it Stick! RFP process is the identification of a vendor (or vendors) who can work with you/your organization to help you frame your project and perhaps be a part of “doing” the work needed to achieve your goals. With that in mind, a number of you have asked us for a list of communications agencies and/or consultants that do this kind of work. That list can be found below. This list does not imply endorsement or preference by the Saint Luke's Foundation or any member of its staff. It was compiled by using public information and is offered only as one potential source of information for those seeking communications assistance. Are you a consultant or agency that's not listed? Send me an email: kstjohn@saintlukesfoundation.org and I would be glad to add you to the list.
