

BUILDING ECONOMIC AND EDUCATIONAL STABILITY FOR PARENTS THROUGH LEGAL SERVICES, COMMUNITY OUTREACH AND ADVOCACY

Resilient Families Program Strategy Overview

We catalyze and sustain opportunities to ensure that community resources meet families' needs and empower parents to implement their vision for the healthy development and well-being of their families.

GRANTEE PARTNER: THE LEGAL AID SOCIETY OF CLEVELAND

Legal Aid uses the power of the law to ensure access to basic needs and lift people out of poverty. A legal solution is often the key to keeping your home, securing a protective order to be free of an abusive relationship, or getting your child the extra help they are entitled to in school. Overall, Legal Aid's goals are to (1) improve safety and health, (2) promote education and economic security, (3) secure decent and affordable housing, and (4) increase meaningful access to courts and government agencies for vulnerable populations.

WHAT IS THE NEED?

When someone is faced with the loss of something as basic as shelter, income, safety or education, the best response is often the use of our legal system. But if you are facing the loss of shelter, safety or economic security, – there is no right to counsel in United States civil courts. Legal Aid – a private nonprofit – works to fill this gap in the judicial system. Legal Aid's most recent community "Legal Needs Assessment" found nearly 1/3 of the population in Northeast Ohio are poor and eligible for Legal Aid's services.

WHAT WE FUNDED

The Foundation's grant (\$1,000,000 over three years) provides operating support for The Legal Aid Society's continuing services.
